MEDICAL.

DR. JOHN BULL'S

COMPOUND CEDRON BITTERS

The Latest and Most Important Discovery of the Nineteenth Century.

TO MAN'S NAME IS MORE INTIMATELY CONnected with the history of the Materia Medica of the United States, or more favorably known as a pioneer in medical discovery, than that of JOHN BULL, of Louisville Ky. His inimitable preparation of Santa dedica of the ville Ky. His inimitable preparation of Sarsaparilla has long stood at the head of the various compounds of that valuable drug. His compound Pectoral of Wild Cherry has become a bousehold word throughout the West and South; and his Worm Lozenges, in less than a year after their introduction, attained a reputation as widespread a the continent of North America. But the crowning glory of his life remains to be attained in his latest discovery, or rather combination, for he does not claim to have been the discoverer of CEDRON, which is the basis of the Bitters now offered to the public. That honor beongs to the native inhabitants of Central America, to whom i's virtues have been known for more than two hundred years. Armed with it, the Indian bids defiance to the most deadly malaria, and handles without fear the most venomous serpents. It is a belief with them that while there is breath left in the body the Cedron is potent to cure, no matter what the disease may be. While Dr. Bull is not prepared to indorse this extrava-gant pretension, he is nevertheless satisfied from a thorough examination of the evidence relating to its virtues. that, as a remedy and preventive for all diseases arising from exposure either to changes of weather and climate or to the miasmatic influences, it stands without a rival, and justly deserves the reputation it has so long enjoyed n Central America and the West Indies. In

DYSPERSIA and its attendant train of symptoms, it acts more like a charm than a medicine. There is nothing in the whole

A full account of this wonderful plant may be found in the eleventh edition of the U. S. Dispensatory, pages 1387 A series of experiments, in which Dr. Bull has been for years engaged, has just been brought to a successful termination, and he is now enabled to offer to the public a combination of Cedron with other improved tonics, the whole preserved in the best quality of copper-distilled Bourbon whisky, which he is confident has no equal in He might furnish a volume of certificates, but the pubic have long since learned to estimate such things at

their true value. The safest plan is for every one to test for himself the virtues of a new medicine. Give the

CEDRON BITTERS

one trial, and you will never use any others. It is not necessary to publish a long list of diseases for which the Cedron Bitters are a specific.
In all diseases of the STOMACH, BOWELS, KIDNEYS. In all affections of the BRAIN depending upon derangement of the Stomach or Bowels; In GOUT, EHEUMATISM and NEURALGIA:

And in FEVER AND AGUE; It is destined to supersede all other remedies. It not nly cures all these diseases but it prevents them. A wine glass full of the Bitters taken an hour before each meal will obviate the ill effects of the most unhealthy climate and screen the person taking it agains disease under the most trying exposure. Sold by Druggists and Greers generally.
